The company sees itself as a manager of the entire real estate value chain and, through its fully integrated real estate platform, offers investors in particular the opportunity to invest in major social trends such as urbanisation, demographic change or sustainability, which will continue to have a decisive influence on the world of living and working in the long term. The consistent focus on sustainably successful asset classes is a central cornerstone of the corporate strategy. At CORESTATE, all concepts are flanked by ESG expertise that is unique in the industry. With around 800 experts, CORESTATE offers customers and investors a comprehensive range of services and advice from a single source - from project financing and property management to sales. CORESTATE is listed on the Frankfurt Stock Exchange (SDAX) and operates throughout Europe as a respected business partner for professional and semi-professional investors with offices in Frankfurt, Vienna, Zurich, Paris, Madrid and London.

b. CORESTATE Capital Fund Management S.á.r.l

CORESTATE Capital Fund Management S.á.r.l., the Luxembourg-based alternative investment fund manager of CORESTATE, offers international real estate investment solutions for wealthy private and institutional investors.

It is a specialised provider of international real estate investment structures in Europe. The company is active in the most important European markets. CORESTATE's long transaction history provides effective access to the respective investment markets. The strategy of CORESTATE Capital Fund Management S.á.r.l. is based on the establishment and intensive cultivation of long-term customer relationships. The generation of stable, risk-adjusted returns on the basis of a professional investment approach forms the basis for a successful partnership. Since 2015, CORESTATE Capital Fund Management S.á.r.l. has been authorised by the Commission de Surveillance du Secteur Financier (CSSF) to manage investment funds within the meaning of the Alternative Investment Fund Act of 12 July 2013. As a fully regulated alternative investment fund manager, CORESTATE Capital Fund Management S.á.r.l. today offers a wide range of open and closed-ended alternative investment funds (AIF) for professional and semi-professional investors. The combination of the areas of strategy development, product conception and structuring as well as a comprehensive understanding of the respective investment markets form the basis for our needs-based conception of structured investment solutions.

c. Helvetic Financial Services AG

Helvetic Financial Services AG ("**HFS**"), a CORESTATE Group company, is the advisor to the STRATOS funds and thus one of the leading providers of full-service real estate financing solutions with private debt structures in the Germany, Austria and Switzerland (DACH) region.

The product range includes the full spectrum of financing solutions - from senior secured loans to mezzanine financing, so that both full project financing and individual financing components can be offered.

The aim of HFS is to act as a preferred and reliable partner for all financing in the real estate sector. The company was founded in Switzerland in 2009 and has since been able to write an impressive success story.

d. genost Consulting GmbH

genost Consulting GmbH ("**Genost**"), a CORESTATE Group company, advises companies on real estate investment decisions. Genost prepares value appraisals, conducts commercial, technical and legal audits and prepares decision-making documents for existing properties, portfolios, project developments and partial or special ownership. In cooperation with the Stratos Mezzanine Fund, Genost develops mezzanine investment concepts for project developments and privatisation projects. Genost takes over project controlling, cash management and coordination between the bank, the fund and the developer/privatiser. In addition, Genost prepares appraisals, inspection reports and opinions on market or collateral values. In particular, this involves the plausibility check of sustainable rents, rentability, land values, management costs, property and capitalization interest rates.
